Day 2: Wednesday 13 March 2019
DRAFT PROGRAM

8.00am – 9.00am
REGISTRATION

9.00am
Plenary session 5: 
Chairs: Paul Robertson, Andrew Turner

Cockle Bay Room

Driving practice changes
- Leading change in hospitals to optimise donation and transplantation opportunities - Howard Nathan
- Four drivers of change: leading cultural shifts and implementing best practice in donation – Elena Cavazzoni, Rohit D’Costa, Michael O’Leary and Sam Radford
- National transplant program in New Zealand - Nick Cross
- The National Vigilance and Surveillance System - Jeremy Chapman

10.40am
Breakout session 2:

Meeting Room C3.3
1a) Understanding Indigenous perspectives
Sarah Jones, Lee Wood

1b) Paediatric donation and transplantation
Stephen Alexander

1c) Partnering with the ICU to understand the family experience during end of life
Stewart Moodie

Meeting Room C3.4 -3.5
2a) Community support for donation (volunteers)
Howard Nathan

2b) "The Catch-Up Group" - Regional Transplant Recipients Receiving Education and Social Support in their Local Community
Larna Woodyatt

2c) Models for facilitating donor family and transplant recipient contact
Tina Coco

Meeting Room C3.6
3a) New opportunities for lung donation: what is the role for ex-vivo lung perfusion
Greg Snell

3b) Abdominal organ warm perfusion technologies
Chris Callaghan

3c) Ex-vivo perfusion of a marginal donor liver prior to transplantation
Janske Reiling
